## Director's Note

Dear Parents,

Summer is always my favorite time of year as Summer Arts Camp fills the building with enthusiastic young artists. Summer Arts Camp at the Minnetonka Center for the Arts (MCFTA) provides a unique opportunity for children to experience a professional art studio environment and learn from working artists.

The visual arts play an important role in child development, building character as well as skills. While campers experiment with new techniques and materials, they are exercising problem-solving skills, developing fine motor abilities and gaining confidence in their own talents and abilities that will spill over into schoolwork and other endeavors.

Running for 11 consecutive weeks from June through August, the Minnetonka Center for the Arts Summer Arts Camp surpasses all other programs in the number options, scope of art forms taught and scheduling flexibility. With weekly camps for ages 7 to 15, and combinable daily options for ages 5 to 6, our camps can be easily slotted in with other activities to create an inspiring and educational summer experience, beginning to end.

**Watch a video about Summer Arts Camp at [www.minnetonkaARTS.org/SAC](http://www.minnetonkaARTS.org/SAC).**

The value of Summer Arts Camp lies in the quality of the art projects (see the class descriptions, pages 6 - 10) and the credentials of our Artist-Instructors (see page 5). As schools decrease their arts offerings, we continue to fill the gap. Our mission is to deliver visual arts education to the broadest possible audience, so we work hard to keep our per-hour price as low as possible and make scholarships available. This year's hourly average tuition is about \$13 for members, which would not be possible if not for grantors like the Minnesota State Arts Board and The McKnight Foundation, and the generosity of corporations and individuals like you!

We hope you'll help a child enjoy the rewards of the creative process by registering for a Summer Arts Camp class, becoming a member or supporting the Minnetonka Center for the Arts with a donation.

Sincerely,

Roxanne L. Heaton, Executive Director

*"Giving students the space to play, experiment and create helps the frontal lobe develop in decision-making skills, regulating emotions and problem solving."  
- Molly Nebel, Artist-Instructor*

### Participation in a quality arts program helps a child:

- Develop the ability to think creatively with an open mind.
- Learn to observe, describe, analyze and interpret their world.
- Express feelings more easily, with or without words.
- Practice problem solving and critical thinking skills.
- Experience how there are multiple points of view and often more than one right answer.
- Explore collaboration and build team-working skills.
- Gain a sense of accomplishment as skills are mastered and projects completed.
- Grow in confidence and self-esteem.

### There is evidence that participation in the arts has a strong correlation with academic success:

- Children who engage in the arts benefit socially and academically. Research shows that children who take arts classes develop above-average social and academic skills, including self-control, focus, following directions, reading comprehension, social comprehension, higher-order thinking skills, oral skills and story recall.
- Art builds advantages especially in math. Middle and high school students who report consistent high levels of involvement in the arts show "significantly higher levels of mathematics proficiency by grade 12."
- There is a correlation between arts learning and SAT scores. Multiple independent studies have shown that enrollment in arts classes is associated with increased SAT verbal and math scores (up to 20+ points above average).

# Group A: Art Camps for Ages 5 - 6

There are three weeks of art camps for children ages 5-6, with loads of fun projects in a variety of mediums. Within these weeks, families have complete planning flexibility to create an art camp experience unique to each child's interests.

**June 19-23 | July 17-21 | August 14-18**

Art camps for this age group focus on single-session projects to hold attention, present an intriguing challenge and provide happy outcomes and pride in finished projects. Solid skills are taught that become building blocks for future work.

Because our youngest artists are still developing and have varying needs and interests, you may choose a single, 3-hour class or combine classes in any way to best fit each child and work with the family schedule. You may register for half-days or full-days, from one to multiple classes per week.

Plan carefully now, before registering, to avoid fees for making changes later on (cancellation details on page 11). Please provide a snack and beverage for each class, plus a bag lunch and beverage for full-days. Food may be purchased at the Art Center Café between 9 a.m. and 1:30 p.m.

**Please note: The Art Center is NOT a peanut-free facility.**

**Camp Attire**

Summer Arts Camp classes use high-quality arts materials for all projects. As some pigments and materials may stain, please dress your children in appropriate clothing. The Art Center is not responsible for clothing that is damaged in art classes. Children will play games outdoors during snack and lunch breaks, weather permitting. Please dress your children in appropriate clothing and footwear for outdoor play (closed-toe athletic shoes are best).

**Art Project Pickup**

Campers are so proud of their completed artwork! Yet some ceramics projects need firing and can't be taken home until later. Instructors will provide specific pickup information. Please pick up children's projects on time, typically three weeks after class end. We strongly recommend that you

bring your child with you to help identify their project. **All unclaimed items will be recycled after September 18.**

Summer Arts Camp instructors are all college graduates who are either teaching artists or art educators. Camp assistants and interns are college students currently enrolled in studio art or art education courses. Every class has an assigned instructor and many have assistants.
